WORK EXPERIENCE

Frontend Developer

Freelance Developer

01/2023 - Present

Remote

Achievements/Tasks

- **Developed and designed** responsive websites using **HTML5, CSS3, JavaScript, and React**, ensuring compatibility across multiple devices and browsers.
- **Enhanced UI/UX** implemented modern design principles and responsive layouts, leading to an increase in user satisfaction.
- **Collaborated directly with clients** to gather requirements and deliver customized website solutions.

Full Stack Developer

Fluentwave

10/2024 - Present

Fluentwave is an upstart language learning platform focused on providing users with a fun and engaging way to learn new languages.

Achievements/Tasks

- **Responsive Web Application Development**: Built a user-centric platform using React for the frontend and Node.js/Express for the backend, ensuring smooth navigation across devices.
- **Authentication and Authorization**: Implemented secure user authentication with JWT tokens and refresh tokens to enhance security and maintain user sessions.
- **Database Management**: Designed and maintained a MongoDB database to handle user profiles, progress tracking, lesson content, and quiz data efficiently.
- **Gamification**: Integrated gamified features, including XP tracking, level progression, and streak tracking, to motivate users and improve engagement.
- **User-Centered Design**: Conducted user feedback to refine features and improve overall user experience.

EDUCATION

Responsive Web Design

FreeCodeCamp

04/2023 - 07/2023

Courses

- Certified

JavaScript Algorithms and Data Structures

FreeCodeCamp

Git/GitHub

PERSONAL PROJECTS

Space Tourism (05/2024 - 07/2024)

- Used HTML, CSS, JavaScript, and React to create a visually stunning space tourism website.

React-Weather-App (08/2024 - 10/2024)

- Created a weather app that lets the user see the local weather as well as search for any city and see the weather and additional Meteorological conditions.

ACHIEVEMENTS

Built Responsive UI (06/2023 - Present)

Developed dynamic, responsive interfaces using React, ensuring seamless user experiences across devices.

State Management (02/2024 - Present)

Managed complex application state with React hooks, ensuring consistent and maintainable component behavior.

Cross-Browser Compatibility (04/2024 - Present)

Ensured smooth functionality across major browsers by adhering to web standards and best practices.
